Rural, noun, a person who lives in a rural area.

Rural, adjective, of, relating to, or characteristic of the country, country life, or country people, rustic, tranquility, living in the country.

That's Webster's. Mine is having no deed restrictions, space between neighbors, fresh air, stars at night, a garden, an animal to care for, independence, trees, birds, wildlife, great BBQ, a really cold drink, music that keeps me in the arms of my partner, boots for work, boots for Sunday, well water, a patio or 100 year old tree for shade, a friendly wave from a passing car, names of my neighbors and shop keepers, a minister that knows when I am missing, a doctor that listens to my needs, kids and relatives that want to visit, taking part and getting involved, not taking part and not getting involved, Yes, I guess there is a little country in all of us. If you want to live your country life in a rural setting call me.
